B&T SMG MP9-N cal. 9 x 19 mm

If less is more, the MP9-N is the perfect choice. Smaller, lighter and more flexible than all other submachineguns, the MP9-N is really convincing. The MP9 was refined and optimized in cooperation with special units from police and military. The MP9-N is currently in service with close protection teams as well as with SWAT teams worldwide. It is also a perfect choice as a Personal Defense Weapon (PDW).
