

B&T Impuls-IIA Compact pistol suppressor, cal. 9 x 19 mm

B&T Impuls-IIA Compact pistol suppressor, cal. 9 x 19 mm

As the compact version of the proven Impuls-IIA, the roughly 5 cm shorter and more than 100 g lighter Impuls-IIA Compact persuades with its good sound reduction. Rugged, reliable and easy to maintain, the Impuls-IIA Compact is the perfect choice if a gun with an overall length as short as possible is needed. The integrated spring booster makes the Impuls-IIA™ ensure reliable feeding and ejecting of both subsonic and supersonic ammunition.

According to customer specifications, the Impuls-IIA Compact is available with various threads and therefore can be used with basically every standard pistol. Please specify weapon and thread when ordering.
