

Lupine helmet light Betty R 7 black

Lupine helmet light Betty R 7 black

The world's brightest helmet lamp is now even brighter. Gigantic 5000 lumens shining out of our top model, making it the undisputed brightest lamp of its type.

With the Betty R you have more than just a lamp for your helmet. You own a single lamp head for any situation. You're transforming it from a headlamp to a helmet lamp, or attaching it to your handlebar via quick release in a few minutes.
